

Helping Hand

A crowdfunding platform

The platform Aims

The platform aims to connect a number of donors and campaign creators together at a centralised point.

the platform also aims to create an easy and streamlined experience for users through user-friendly navigation and features.

Campaign Creation

This feature allows for users to easily create and edit campaigns they create

Discovery Page

Users can browse a variety of fundraising campaigns on the discovery page and use the search filters to identify projects they would like to contribute to.

Campaign Dashboard

The campaign dashboard allows users to easily access information about campaigns they've initiated, donated to, and are following, all in one convenient location.
